# Shape

## MILASH BEAUTY STUDIO

**NATURAL EYE:** EXTENDED LASHES WILL FOLLOW YOUR NATURAL EYE SHAPE IN ONE CONSISTENT LENGTH TO CREATE A SOFT AND NATURAL LOOK. THIS MAPPING IS PERFECT FOR THOSE WHO ENJOY THE BEAUTY IN A SIMPLE WAY.

**DOLLY-EYE:** EXTENDED LASHES WILL BE LONGER IN THE MIDDLE OF THE EYE AND GRADUALLY SHORTENED AS THEY DRAW TO THE IN-CORNER AND THE OUT-CORNER OF THE EYE SHAPE. DOLLY-EYE WILL MAKE YOUR EYES NATURALLY ROUND AND BIGGER BY REDUCING THE DISTANCE BETWEEN TWO-EYES. THIS MAPPING IS SUITABLE FOR THOSE WITH MONO-LID OR SMALL-LID EYES, RECOMMENDED FOR ASIAN AND AFRICAN AMERICAN WOMEN.

**CAT-EYE:** EXTENDED LASHES WILL NATURALLY INCREASE AS THEY DRAW FROM THE IN-CORNER TO THE OUT-CORNER OF YOUR EYE SHAPE, WITH LASHES BEING LONGEST AT THE EYE TAIL. CAT-EYE IS A GOOD FIT FOR PEOPLE WITH BIG, DOUBLE-EYELID EYES OR PEOPLE WITH EYES THAT ARE CLOSER TO EACH OTHER. CAT-EYE WILL ALSO HARMONIZE YOUR FACE IF YOU ALSO HAVE A TALL NOSE BRIDGE RECOMMENDED FOR WHITE AND HISPANIC WOMEN.

**KITTEN-EYE:** THIS MAPPING IS A COMBINATION BETWEEN CAT EYE AND DOLLY EYE. EXTENDED LASHES WILL INCREASE AS THEY DRAW FROM THE IN-CORNER TO THE MIDDLE OF YOUR EYE SHAPE AT A 45-DEGREE ANGLE TOWARDS YOUR EYEBROW TAIL AND SHORTEN AS THEY DRAW FROM THE MIDDLE TO THE OUT-CORNER. KITTEN-EYE WILL LIFT YOUR EYE TAIL AND BALANCE ASYMMETRICAL OR GOGGLE EYES. KITTEN EYE WOULD BE AN IDEAL CHOICE FOR WHITE AND HISPANIC WOMEN, OR EVEN OLDER WOMEN IF THEY PREFER A MORE NATURAL VERSION OF CAT EYE.

# Classic

MILASH BEAUTY STUDIO

CLASSIC IS THE MOST LIGHT-WEIGHT AND SIMPLE, AND NATURAL LASH STYLE AS ONLY ONE EXTENDED LASH WILL BE PATCHED ONTO ONE CUSTOMER'S NATURAL LASH.

ONE SINGLE EXTENDED LASH WILL BE CONNECTED WITH ONE SINGLE NATURAL LASH. THE AMOUNT WILL RANGE FROM 70% TO 90% FOR EVERY LASHES. EVERY LASH WILL BE PATCHED AWAY FROM THE EYELID ON A ONE BY ONE BASIS TO PREVENT THEM FROM STICKING TOGETHER AND DAMAGE THE NATURAL LASH.

*Pros:* Soft, simple, and give a natural look.

*Cons:* Will not fit with people with fewer and weak natural lashes.

# Volume

## MILASH BEAUTY STUDIO

RATHER THAN HAVING ONE, WE WILL HAVE A FAN THAT CONTAINS MULTIPLE EXTENDED LASHES. EACH FAN THEN WILL BE PATCHED ONTO ONE NATURAL LASH OF THE CUSTOMERS. WITH THIS STYLE, LASHES WILL LOOK THICKER AS THEY ARE VOLUMIZED.

- RUSSIAN: EACH FAN CONTAINS FROM 2 TO 9 LASHES (2D TO 9D)
- MEGA: EACH FAN CONTAINS FROM 10 TO 30 LASHES (10D TO 30D)

FANS ARE CREATED BY COMBINING MULTIPLE SINGLE LASH (RANGING FROM 2D TO 30D). THE SHAPE WILL RESEMBLE A FAN AND EACH FAN WILL BE PATCHED ONTO A SINGLE NATURAL LASH. IN THIS WAY, LASHES WILL LOOK 2 TO 30 TIMES THICKER THAN NORMAL. FANS ARE PATCHED FROM 0.5 - 1MM AWAY FROM THE EYELID ON A ONE BY ONE BASIS TO PREVENT THEM FROM STICKING TOGETHER AND DAMAGE THE NATURAL LASH.

*Pros:*

Volumized the lashes of those who have very few lashes on their eyes. Volume last longer than classic as the patches are usually stronger and thicker.

*Cons:*

Lashes have to be brushed at least 2 to 3 times a day to make sure that they do not stick together after we wash our face. Regular face towels are also not recommended as they might damage the lashes.

### RUSSIA VOLUME

### MEGA VOLUME

# Hybrid

MILASH BEAUTY STUDIO

HYBRID IS THE COMBINATION BETWEEN CLASSIC AND VOLUME STYLE. HYBRID SATISFIES CUSTOMER'S NEED TO HAVE A THICKER LASHES BUT STILL REMAIN THEIR NATURAL LOOK. WITH HYBRID, THE ROOT OF THE LASHES WILL LOOK THICKER WHILE THE END OF THE LASH STILL PRESERVE THE LIGHT AND ELEGANT LOOK.

THE BASE - BOTTOM LAYER OF THE LASH WILL BE PATCHED WITH VOLUME TECHNIQUE AND THE DESIGN - MIDDLE LAYER OF THE LASH WILL BE PATCHED WITH CLASSIC TECHNIQUE.

*Pros:*

Suitable for those who prefer a thicker lash like volume but still wish to retain the natural look like classic.

*Cons:*

Hybrid extended lashes are normally longer than other styles as they connect volume and classic together. Hybrid needs to be refilled in a shorter period of time after the natural lashes grow longer to ensure the natural distribution of the customers' lash.

# Wispy

MILASH BEAUTY STUDIO

WISPY IS A FREE-STYLE LASH TECHNIQUE THAT CREATES THE HIGH-LOW EFFECT OF A STRIP LASH THAT IS NORMALLY USED IN MAKE-UP. WISPY IS NOT SUITABLE FOR PEOPLE WHO PREFER A NATURAL LOOK. AS WISPY ATTRACTS THE LOOK TO THE EYES, IT IS SUITABLE FOR TRENDY PEOPLE THAT LOVE TO DO THEIR MAKEUP AND MIX THEIR CLOTHES LIKE A FASHIONISTA.

THE BASE - BOTTOM LAYER OF THE LASH WILL BE PATCHED WITH VOLUME TECHNIQUE WHILE THE DESIGN - MIDDLE LAYER OF THE LASH WILL BE PATCHED WITH SPIKES. SPIKES IS THE EMPHASIS OF THE WHOLE LASHES. AFTER THAT, WE PATCH THE MIDDLE LAYER OF THE LASH AGAIN WITH THE VOLUME TECHNIQUE SO THE LASHES LOOK STRONGER AND HEALTHIER.

*Pros:*

Wispy creates an exotic make-up vibe just like when we use strip lashes. The only difference is that we save more make up time with Wispy as we do not to put it on and or take it off every time.

*Cons:*

Wispy can be really high maintenance as they required customers to brush them regularly to prevent them from sticking together. This style is also not suitable for people with weak natural lashes as it might not be able to carry the weight of the spikes.

# Wet-look

## MILASH BEAUTY STUDIO

WET-LOOK IS ANOTHER FREE-STYLE LASH TECHNIQUE THAT CREATES A WET, SPARKLING EFFECT JUST LIKE WHEN WE JUST GET OUT OF THE WATER. THIS WATERY LOOK MAKES THE LASHES SOFT AND THE PEOPLE WHO CARRY THE LASH SEXIER.

SPIKES (CLOSE FANS) ARE PATCHED ONTO THE NATURAL LASH ONE BY ONE TO ENSURE THAT THEY DO NOT STICK TOGETHER.

*Pros:* Suitable for those who prefer a cute and soft look for their eyes.

*Cons:* Lashes are high maintenance, not suitable for those who have weak natural lashes as it can be difficult to keep the extended lash straight.

### REGULAR WET-LOOK

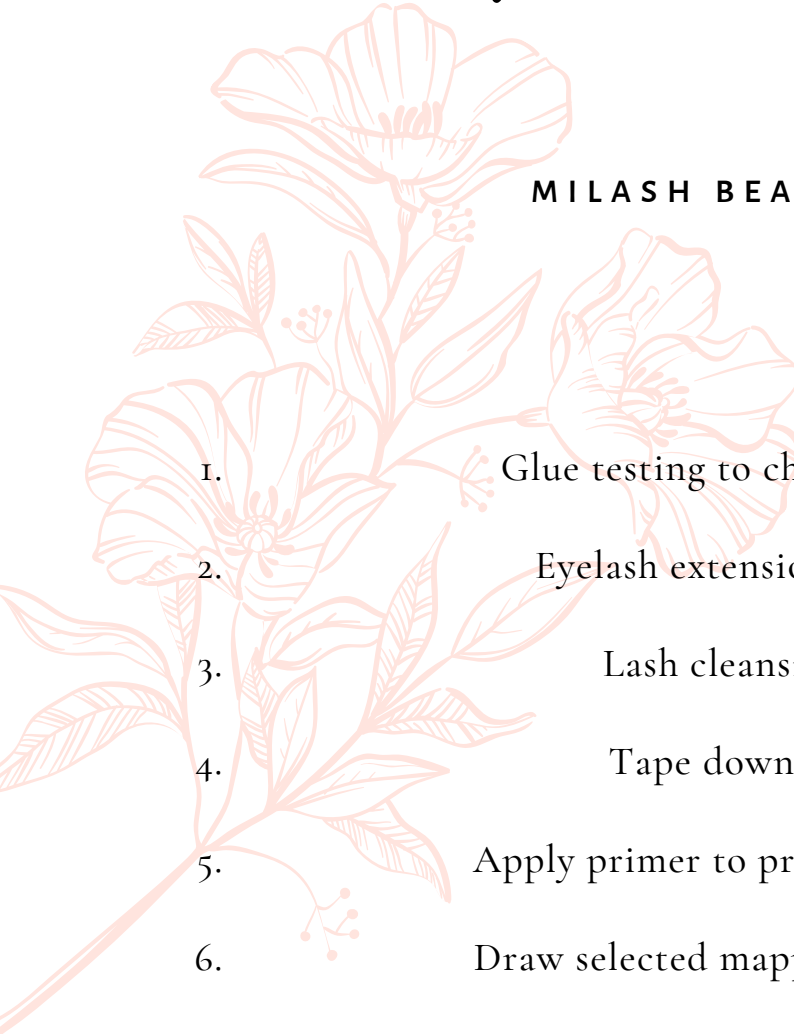

### WISPY WET-LOOK

# Procedure

## MILASH BEAUTY STUDIO

- 
1. Glue testing to check for skin allergies.
  2. Eyelash extension contract signing.
  3. Lash cleansing and hygiene.
  4. Tape down the lower lash.
  5. Apply primer to protect the natural lashes.
  6. Draw selected mapping on customers' eyes.
  7. Separate lashes and start patching in layers.
  8. Spraying mist or mini-fan blowing the lashes after completion.
  9. Aftercare instruction and refill appointments (2 or 3 weeks).
